## Amortization (choose all that apply) **

We recommend you start with Fixed Products if you expect to live in your home for more than five years

(•) Fixed ( ) ARM ( ) Balloon ( ) All

## Rate vs. Points **

Points (also called discount points) are fees (1% of the loan amount) paid up-front to the lender to lower the interest rate (e.g. two points on a $100,000 loan would cost $2,000). A rule of thumb is one point will decrease the interest rate by .25%

(•) Prefer lowest available interest rate without paying points
( ) Prefer to lower the rate by paying points

0.000 Points you are willing to pay.

What Percentage of the home value do you wish to borrow?

-567 % ** (This value is calculated based on your total assets and the purchase price of the home)
